We choose courage over comfort because we know that 'the Lord our God is with us' (Joshua 1:9).

Courage

We are called to create an environment where both children and staff aspire to be, and give, their best. Everyone is emboldened to take risks, overcome challenges and be courageous in their efforts to achieve their potential. Leaders make bold curriculum choices that enable children to:

- gain knowledge, skills and experiences to navigate life in an evolving world; and
- develop characteristics such as self-belief, ambition, and resilience to overcome life's challenges.

"Be strong and courageous. Do not be afraid; do not be discouraged, for the Lord your God is with you." (Joshua 1:9)

Love

Jesus embodies the love and compassion of God for each person, and Christians are called to follow him in this. In our family, love impels us to:

- put others' needs above our own;
- act with humility and without entitlement;
- empower all our community to flourish and succeed;
- provide a haven of compassion and safety, where children and adults know that they are cherished; and
- support those experiencing suffering and sadness – in our community and beyond.

"Let all that you do be done in love." (1 Corinthians 16:14)

Respect

We seek to model to children an ethos of living well together. The flourishing of pupils goes hand in hand with the flourishing of the wider school community: staff, families, governors and friends of the school. Just as Jesus respected people by taking the time to care for them, we endeavor to:

- celebrate the Christian faith;
- foster deep respect for other cultures, faiths and traditions;
- provide an inclusive environment where special provision is afforded to those with disabilities or special educational needs; and
- challenge inequality.

"Whatever you wish that others would do to you, do also to them." (Matthew 7:12)

Forgiveness

Faults, flaws, and mistakes are an unavoidable part of human life. Though Jesus preached the importance of repentance, even in moments of great personal torture, he prayed for forgiveness for his tormentors. Therefore, in our family, we seek to:

- hold ourselves and others accountable for our/their actions;
- have a robust approach to dealing with situations when things go wrong;
- repent when we fall short of our own and others' expectations; and
- forgive others for their indiscretions.

"If your brother sins, rebuke him, and if he repents, forgive him." (Luke 17:3)

Honesty

An honest person makes a habit of making accurate, trustworthy statements about life, self, others, and God; they represent themselves just as they are and tell others the truth about themselves. That said, the Bible tells us that honesty should always be accompanied by gentleness (Colossians 4:6). With this in mind, we strive to build kind and trusting relationships by:

- speaking and acting with integrity;
- ensuring that children have a strong voice in every aspect of school life, and acting on this; and
- working openly and compassionately with others, even when messages might be difficult to give or receive.

“And you will know the truth, and the truth will set you free.” (John 8:32)

Aims

At St Mary Magdalene C of E Primary School we aspire to cultivate the gifts and talents of every child and equip them with the wisdom, knowledge and skills to live life in all its fullness: its joys and celebrations, its sorrows and struggles.

“For I know the plans I have for you, declares the Lord, plans for welfare and not for evil, to give you a future and a hope.” (Jeremiah 29:11)

At St Mary’s the worth of each child impels us to work to fulfil their God-given potential, whatever the religion or other tradition with which their family identify, and with special consideration given to those who are disadvantaged. Therefore, we aim to:

- Develop the curriculum to address the needs and extend the fascinations of **all** our children.
- Build curiosity and excitement through rich first-hand experiences and visits.
- Nurture the aspirations and hopes of our children so they can achieve highly.
- Ensure that all children make good or better progress.
- Facilitate high quality training for staff to equip them with the skills to ensure that our children flourish.
- Develop children’s collaboration skills
- Ensure that children have a strong voice in every aspect of school life
- Afford special provision to ensure equity for children with disabilities or SEND.
- First and foremost the aim of our History curriculum is to help our children **to understand the significance of the past.**
- Through the study of History, children make sense of their world and enrich their understanding of it by understanding the similarities and differences between societies and cultures, and the impact of changes on people and places – both then and now.
- Developing pupils’ interest in, and enjoyment of History, the curriculum will help to instil a positive attitude towards this subject.
- Ensuring History lessons are purposeful, accurate and imaginative.
- Ensuring pupils have sufficient Historical knowledge to understand that our lives today will become the history lessons studied by future generations.
- Making pupils aware of and alert to links between History and other school subjects.

Curriculum Progression and Sequencing

- The History curriculum is delivered through the key concepts of: **Chronology, Evidence and Significance**.
- Our route to progression is in chronological order to support children's understanding of what happened when.
- As outlined above, the school carefully sequences knowledge and concepts to build both knowledge and skills systematically over time. This is illustrated by way of a Curriculum Progression Map and Curriculum Objectives which set out what is taught in each year group across the school alongside the order of units taught; this can be found in the appendix of this policy.
- The school also sets out Long Term Planning Overviews for each year group, which mirror and add detail to the Progression Map. These can also be found in the appendix to this policy.
- Within the curriculum, there is sufficient flexibility so that the school can address identified gaps in pupils' knowledge. Opportunities are planned to revisit previously learned knowledge and concepts. This is to ensure that, once learned, knowledge becomes deeply embedded in pupils' memories and allows rapid and accurate recall. This enables pupils to work with increasing independence, apply their knowledge to more complex concepts and gain enjoyment through a growing self-confidence in their ability.

Assessment, Marking and Feedback

Assessment should be carried out in line with the school's Assessment Policy and Effective Marking and Feedback Policy.

At St Mary's, staff ensure that pupils have sufficient understanding of, and unconscious competence in, prerequisite knowledge, concepts and procedures that are necessary to succeed in each lesson through effective marking and feedback procedures as detailed below, when work is recorded in individual Learning Journals:

Type	Why?	What does this look like?
Immediate intervention	<ul style="list-style-type: none"> • To prompt deeper thinking, and swiftly address misconceptions <u>during lessons</u>. 	<ul style="list-style-type: none"> • Verbal feedback - signalled by VF • 1:1 or group learning conference - signalled by VF • Questioning to clarify or refocus tasks • Mini plenaries • Mid-lesson adjustments – signalled on planning
Indicative marking	<ul style="list-style-type: none"> • To inform the teacher and child about their achievement against the learning objective • To address any missed non-negotiables and misconceptions. 	<ul style="list-style-type: none"> • Indicative highlighting of LI (blue/pink) and symbols. • Assessment transferred to assessment sheet (Eng/Maths) in the front of the book • Pupils made aware of misconceptions through use of symbols and highlighting • Individual spelling mistakes are signalled at the end of the piece/writing stage • Brief comments if appropriate

		<ul style="list-style-type: none"> • A response from pupils is required to correct mistakes – complete in green pen.
Developmental marking / feedback	<ul style="list-style-type: none"> • To celebrate successes • To give ways to improve against the learning objective, and advice on how to do this. 	<ul style="list-style-type: none"> • Incisive, written feedback: in KS2, this is provided as whole class feedback. • Assessment transferred to assessment sheet (Eng/Maths) in the front of the book • Personalised praise for effective work shown through pink highlighting of relevant aspects • If required, personalised written comments to detail next steps • Common misconceptions/mistakes be highlighted in WCF. • A response from pupils is required to accelerate and deepen learning; this should be completed in green and focus on edits and revisions. • This is not required in the EYFS
Self/peer assessment	<ul style="list-style-type: none"> • To share ideas • To celebrate successes • To give ways to improve against the learning objective 	<ul style="list-style-type: none"> • In an age/subject appropriate format to be determined by the teacher

With specific reference to formative assessment in History, the following will apply:

Assessment should be carried out in line with the school’s Assessment Policy and Effective Marking and Feedback Policy. This can be found in the appendix of this document.

Pre and post assessments are carried out for each unit taught by way of a pre assessment based on children’s prior learning within particular concepts. Post assessments will be then carried out based on the children’s current topic. These pre and post assessments should be stuck into learning books at the beginning and the end of a unit. Post assessments are then to be used in triangulation with the children’ progress across a unit and outcome to make a judgement that is then recorded on FFT.

Non-Negotiable Procedures for Marking

- **Learning intentions:** these should be recorded on every piece of work, in all subjects even if pupils are absent as this will demonstrate work missed. This can be in the form of a code linked to learning intention/assessment criteria. In KS2, children should undertake this, for younger children, the adult will write the code.
- **Date:** all learning must be dated.
- **Timing:** all marking should be completed before the next lesson in that subject area, and used to inform planning.
- **Colours for marking:** written feedback should be carried out in blue pen and must be clear, legible and a high-quality model of handwriting. In all subjects, solid pink highlighter will be used to show learning intentions are achieved, along with successes throughout the piece of work, e.g. well-chosen words, clearly set out maths calculations. The learning intention should be boxed in pink highlighter if the children are achieving it with some support. Blue highlighter will be used to signal that the learning intention is not yet met and will be accompanied by blue highlighting around aspects of pupils’ work e.g. to signal a better choice of word is required. Blue highlighter will also be used to highlight any misconceptions or missing non-negotiables.
- **Responsibility for giving feedback:** written feedback is usually given by the teacher (or adult responsible for the class) but should be given by support staff if they have worked closely with the pupil within a session. Supply teachers who carry out work in the school are expected to mark all work in

accordance with this policy. The person who marks the work should write their initials on the top right-hand corner of the page.

- **Pupils' response to feedback:** staff should give pupils regular, adequate time to review and respond to their feedback.
- **Self/Peer Assessment:** regular opportunities should be given in KS1 and KS2.

Planning

- All relevant staff members are briefed on the school’s planning procedures as part of their staff training.
- In KS1 and KS2 History is taught either as a discrete lesson or as part of cross-curricular themes when appropriate.
- Reception covers the full range of concepts over the year; the timings of this is guided by the children’s interests. This is planned and delivered through highly personalized objective-led planning as well as through ongoing continuous provision opportunities.
- During reception class, in accordance with the ‘Statutory framework for the early years foundation stage’, focus will be put on the seven areas of learning, with the History aspect of pupils’ work relating to the objectives set out within the framework alongside the concepts in the school Concept Curriculum.
- Lesson plans will demonstrate a balance of interactive and independent elements used in teaching, ensuring that all pupils engage with their learning.
- There will be a clear focus on direct, instructional teaching and interactive oral work with the whole class and targeted groups.
- Long-term planning, set out by the History Subject Lead, will be followed in each year group.
- Short-term planning is the responsibility of the class teacher. This is achieved by building on long-term planning - taking into account pupils’ needs and identifying the method in which topics could be taught.

St Mary Magdalene C of E Primary School

Headteacher: Miss S Robinson

Deputy Headteacher: Mrs S Pearson

- Lesson planning should be completed using the Wider Curriculum Planning format.
- All lessons will have clear learning objectives, which are shared and reviewed with pupils.
- Lessons will be adapted to meet the needs of all pupils. This will be flexible and informed by assessment, marking and feedback.
- As a dyslexia friendly school, teachers will use a selection of the following strategies to support children when reading texts: mixed ability pairs, displaying key words with pictures, pre-teaching topic vocabulary. They will also support children to record their ideas through the use of writing frames, word banks and WAGOLs if appropriate.
- Homework may be set in this subject area, but is not a weekly requirement.
- Homework can take a variety of formats, including games, oral practice and written tasks.

Recording

- Learning is documented in the class Topic Folder. Possible lesson outcomes may include writing, art-work, drama, presentations, discussions and posters.
- In KS2 the outcomes of each lesson may also be presented in individual Learning Journals. This may include examples of pupils' work, their comments or photographs. Each page will be dated with the learning intention given.

Cross-curricular links

Wherever possible, the History curriculum will provide opportunities to establish links with other curriculum areas. These include, but are not limited to, the following:

English

- Pupils are encouraged to use their speaking and listening skills to explore their learning.
- Pupils' writing skills are developed through recording the evidence they have used and explaining the significance of the specific events/developments/lives which they are studying.
- Historical information texts are sometimes used in English lessons and in guided reading sessions. Where possible the Novel Study for each year group will also link to the time period/person/event being studied.

Maths

- Chronological exploration will involve a degree of numeracy at all levels.
- Pupils may be required to use their knowledge and understanding of measurement and data handling when analysing evidence.
- Where appropriate, pupils may record the significance of their findings (both at the time and to the present day) using charts, tables and graphs.

Science

- Children learn about scientific discoveries and/or inventions linked to the time period or person being studied when appropriate – Evolution in Y6.

Computing

- Pupils may use ICT to locate and research evidence.
- Technology is one of the recurring themes through which History is taught.
- Pupils are encouraged to use electronic devices, gaining confidence throughout their school experience.

Geography

- The geography concept of 'Place' is covered within each History topic by locating the associated area on a globe, map or atlas. Other Geography concepts (Space, cartography, human and physical geography) are also referenced when appropriate eg Anglo-Saxon Invasion

RE

- History based topics will often make reference to societal norms at that time in question, including religious observations and beliefs.

PSHE

- Development of empathy through learning about the varied lives of people from the past and their mistakes and misfortunes – and their significance for us today.

St Mary Magdalene C of E Primary School

Headteacher: Miss S Robinson

Deputy Headteacher: Mrs S Pearson

DT/Art

- Pupils will apply their DT skills to make a product for a purpose in response to their learning in History eg A study of Ancient Greece led to preparation of Greek food in Year 6.
- Artists and/or their work who link with the main History focus will be studied in unison with them

Music

- Composers and their music are also linked to the main History focus.

Languages

- When appropriate the language of a person or peoples being studied will be explored as part of their understanding of the background against which the events or discoveries took place.

Equal opportunities

- All pupils are entitled to an equal opportunity to learn regardless of race, culture, language, religion, colour, gender or ability. We aim to deliver a broad and balanced History curriculum appropriate to children's needs, ages and levels of understanding. Empathy with views from the past will be encouraged and supported in order to gain further understanding of events and implications.

Monitoring and Review

- This policy will be reviewed after one year by the subject leader.
- Any changes made to this policy will be communicated to all members of staff.
- All members of staff involved with directly leading and supporting the teaching of History are required to familiarise themselves with this policy.
- The scheduled review date for this policy is April 2026.
