

SAYING HELLO TO BUZZ

Our three rules...

Approach him calmly and ask the adult if you can stroke him. Stay further than arm's reach away from him. If the adults says no, move away calmly and quietly.

Keep your arms by your side and say hello; wait for him to come to you. If he doesn't come to you, move away calmly and quietly..

If Buzz approaches, stroke his side or shoulder. If Buzz turns or moves away, do not follow him. Move away calmly and quietly.

Are you 'Buzz' ready?
